Do you want to take a more active role in protecting our environment? Not sure how or where to direct your energies?

The Yarra River urgently needs community-minded people to step up and defend it and the life it supports.

Leading river campaigners Yarra Riverkeepers and Environment Victoria **invite you to be one of a select group** provided with specialist skills and guidance to act as Yarra Champions.

Take advantage of this unique training opportunity and discover how you can help restore the health of our much-loved river.

In the workshop you will learn how the Yarra River's ecological needs are linked to Melbourne's water supply. You will also enjoy working with a group of like-minded people towards an exciting project in late May.
