

Announcing the fifth and much celebrated “Yarra Yabber” Tour

Join the Yarra Riverkeepers on a journey to the upper reaches of our wonderful Yarra River. The tour will include the mighty Upper Yarra dam, which has a pivotal role in providing Melbourne’s water supply. En route, we will stop at the picturesque Maroondah Reservoir park and take a ride on the historic Yarra Valley Railway from Healesville to Tunnel Hill. Discover aspects of the region’s rich history, its special wildlife and how recent water releases are helping restore the Yarra River’s health.

Sunday 21 October 2012 (8.40am for) **9am to 6.30pm**

Expert presenters including:

IAN WILCOX	Water Supply Operator
